Quietly sailing along the river, you will see both wooden houses and modern residences set in colourful scenery and local people going about their daily routines.

Arrive at a local farm house where you can take a leisurely stroll around the grounds. Continue on to the Waroros Market, a fantastic chance to see up close the real northern people's way of life. To get a real feel for things, we take a tricycle ride along the main road to the old city.

Khantoke Dinner & Show

***“Enjoy an evening out and enjoy a Khantoke Dinner, the customary northern Thai style of eating with food being served in large platters at low tables while you sit on mats on the floor. As you enjoy your meal, let yourself be entertained by a selection of northern cultural performances. To end the evening, there is a special hilltribe show performed by various members of Yao, Lahu, Meo, Lisu, and Karen hilltribes.*”**
